We Can Help You

**[Learn](#) about our
programs and services.**

This is Kayla.

She's an adventurous and friendly three year old, but her parents aren't capable of caring for her.

Jewish kids need foster care. Just like kids who are abused or neglected from any other religion, race or culture.

JF&CS struggles to place kids like Kayla in Jewish homes. We urgently need more Jewish foster parents across the GTA.

JUST FOR ME BACKPACK PROGRAM

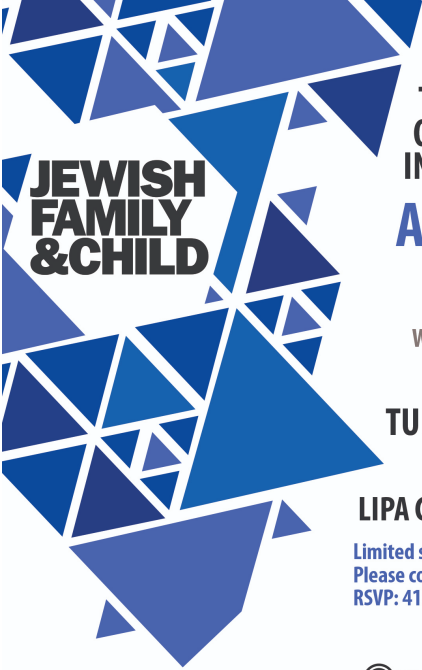

As the leaves are changing colours, and coats start to come out, students are getting ready for the new school year. For some students though, it can be difficult to be excited for the new school year when they worry about being different from their peers. The children we serve can rest easy knowing their backpacks are full and ready for their first day back to

school.

Jewish Family & Child is very proud of our partnership with National Council for Jewish Women (NCJW). For over 20 years, NCJW has supplied our clients with hundreds of backpacks filled with new school supplies, ensuring that students are prepared for the year ahead. This means that parents with limited means have one less concern when preparing for September and children can begin the school year with confidence.

Thanks to the incredibly generous donation by National Council for Jewish Women (NCJW) and Na'amat Canada, Jewish Family & Child received and distributed over 240 backpacks to students in need.
